PRESTO

Creative Digital Printing Solutions for Packaging and Converting

Print Speed Up to 27m/min (18ips)
Print Area Max 297mmX910mm (11.7" x 35.8")
Resolution Max 1200dpi
Media Thickness Max 100mm (4")
Full Color Printing CMYK Pigment Ink

Unleash the Power of Printing

Discover PRESTO: your ultimate printing solution, engineered to conquer challenges faced by the packaging industry. Instantly assess results and seamlessly transition to production, solving issues of limited quantity and tight timelines.

Unmatched Performance and Speed

PRESTO's industrial–grade build ensures durability, enabling speeds up to 18ips (27 m/min), revolutionizing your production process.

Vivid Colors, Lasting Results

Experience high–resolution, full–color printing on

various materials, from cardboard to wood. Water–based pigment inks offer lightfastness, water and scratch resistance, guaranteeing enduring quality.

Innovation Meets Intuition

PRESTO melds industrial might with sleek design and intuitive use. Revolutionize your printing process and bolster your business, whether you're a printing house, manufacturer, design firm, e–commerce entity, or logistics provider.
Embrace the future with PRESTO—where printing prowess meets simplicity.
